Barge and rail connections to/from Germany

The map illustrates the network of barge and rail connections between Germany and the Netherlands/Belgium. The German territory is shaded in light red, while the surrounding areas are in light grey. The North Sea is shown in light blue. Key locations are marked with black dots and labeled. Two specific locations in Belgium, Bruges and Antwerp, are highlighted with red circles and red labels. The map shows a dense network of connections along the Rhine and other major waterways and rail lines.

Locations marked on the map:

- Bruges
- Antwerp
- Emmerich
- Duisburg
- Krefeld
- Düsseldorf
- Dormagen
- Neuss
- Leverkusen
- Köln
- Bonn
- Andernach
- Koblenz
- Mainz
- Trier
- Ludwigshafen
- Wörth am Rhein
- Frankfurt am Main
- Ginsheim-Gustavsburg
- Gernsheim
- Worms
- Mannheim
- Germersheim
- Karlsruhe
- Crailsheim
- Stuttgart
- Kehl
- Weil am Rhein
- München
- Frankfurt (Oder)

- The adjoining table shows an overview of regular fixed container shuttles. For rail, it does not include non-containerized cargo (single wagon load) and blocktrains.
- Get in touch with the mobility team of Port of Antwerp-Bruges via intermodalsolutions@portofantwerpbruges.com.
- This information is subject to changes. For an up-to-date overview of schedules and contacts, you can consult the Port of Antwerp-Bruges Routescanner: portofantwerpbruges.com/en/routescanner or the listed websites of the transport operators.
